PROFILE

Enthusiastic and motivated Computer Science student (Diploma, 2026) specializing in AI/ML and Data Science. Passionate about solving problems using technology, with hands-on experience in Python programming, data preprocessing, and ML model implementation. Looking for opportunities to learn, grow, and make meaningful contributions in the field of Data Science

EDUCATION

Sri Jayachamrajendra Polytechnic College 2023 - 2026
Diploma in Computer Science
GPA: 9.39

Baldwin Public High School 2013 - 2023
High School
GPA: 9.4

PROJECTS

Depression Detection System (AI/ML Project)

- Designed an AI/ML system using voice, text, and facial expressions to detect depression.
- Built a web UI with visualization, scoring, and export features.

Technologies Used: Python, Scikit-learn, OpenCV, Flask, HTML/CSS

Data Analysis & Visualization

- Performed data cleaning and exploratory data analysis (EDA) on real-world datasets.
- Built visual reports and charts to highlight trends and patterns.

Technologies Used: Python, Pandas, Matplotlib, Seaborn

ACHIEVEMENTS & HACKATHONS

Maintained a GPA of 9.39/10 in Diploma (till date).

Ranked in the top 5% out of 500 participants in a machine learning hackathon for my Real-time Chat Application project.

Won 2nd level in College Chess Competition, demonstrating strategic and analytical thinking.
